Custom Suits

Having a dedicated setup only for custom suits we have the ability to produce and deliver custom suits in no time. Our Custom Suits line range from SFI-1 to SFI-5. The suits can be fully embroidered and we can provide required features in suits i.e.: Back Gusset, Arm Restraints, and Boot cut Legs etc. The suits can be made in Gabardine Nomex, Sateen Nomex or Filament Nomex and we can make any provided style or can suggest many of the styles our artists create.

Kart Racing and MotorSports have become ultra popular sporting activities over the last few decades giving rise to many industries including the Karting-apparel and Racing safety equipment Manufacturers. Cuircon International is continuously contributing to this sport in the shape of karting and racewear products since its establishment in the year 1992. Our efforts are to bring a positive change by developing this industry on modern grounds. In order to meet the ever increasing demands of this Sport. Cuircon International initiated the production of racewears with a view to provide a sort of quality which is both affordable and durable. We are confident that our efforts in this direction have proved very successful with the help of our highly skilled workmen and state of the art equipment.
